

HELY & WEBER[®]

BRACING INNOVATIONS

**PRODUCT
CATALOG**

We design, develop, and deliver innovative orthopedic braces, through collaboration, that exceed expectations and achieve exceptional outcomes.

At Hely & Weber, we stand on three pillars: **Foundation**, **Collaboration**, and **Innovation**. These pillars have been the bedrock of our company since its inception, guiding us in our mission to provide high-quality orthopedic supports and braces.

FOUNDATION: A LEGACY OF EXPERIENCE

Our founders, John Hely and Jim Weber, boast a remarkable 100 years of combined experience in the orthopedic and sports medicine industry. Their journey began in 1992 with a clear vision: "To Develop, Manufacture, and Distribute quality braces." From humble beginnings as a local Southern California distribution company, Hely & Weber has grown into an international manufacturing and distribution corporation. Through it all, we've remained proudly family-owned and operated. Our foundation is built on the wealth of knowledge and expertise that John and Jim have accumulated over the decades.

COLLABORATION: BRIDGING CARE AND INNOVATION

At Hely & Weber, we understand that the best solutions arise from collaboration. We foster a dynamic partnership between care providers and our research and development team. This synergy is the catalyst behind our highly effective products. By working closely with the medical community, we ensure that our products address the ever-changing needs of patients. Together, we aim to improve patient care and enhance recovery, because outcomes matter.

INNOVATION: PIONEERING NICHE SOLUTIONS

Innovation is at the heart of everything we do. We take pride in our ability to produce unique, niche solutions that push the boundaries of orthopedic care. Our commitment to innovation drives us to seek out state-of-the-art product designs, ensuring that we satisfy a vast array of patient and provider needs. Every product we offer undergoes rigorous quality testing, ensuring it meets our uncompromising standards for quality, durability, and customer satisfaction.

Join us on a journey that is built on Foundation, thrives through Collaboration, and leads with Innovation. Discover the difference of Hely & Weber, your trusted partner in orthopedic excellence.

4849 XTENDER®

PDAC L3923/L3924 APPROVED

USPN D810,310

A convenient off-the-shelf solution for post-procedural support in managing Dupuytren's Contracture.

- Malleable hand pan allows for desired positioning
- Can be applied over light and heavy dressings
- Fits both the right and left hands in two sizes for minimal inventory requirements

SIZING:	LENGTH OF BRACE
SHORT	8"
LONG	8.5"

MOLD CUFF TO ACCOMMODATE THE RIGHT OR LEFT HAND

Total universality with twelve functions, one orthosis.

ORDER NO.	DESCRIPTION
4850	TKO® 2.0 (THE KNUCKLE ORTHOSIS)
	 L3807/L3809 APPROVED <small>USPN 12,138,190</small>

- Patented design that seamlessly fits both left-handed and right-handed applications.
- Adaptable configuration that effortlessly transitions from a Wrist-Hand-Finger Orthosis (WHFO) to a Hand-Finger Orthosis (HFO), catering to diverse needs with a single adjustment to remove the wrist portion of the brace.
- Expertly designed to accommodate most hand sizes with adjustable features, ensuring a perfect fit.
- Multiple Applications (both right and left hand configurations):
 - △ Ulnar Gutter
 - △ Buddy Splinting (3rd/4th digits)
 - △ Radial Gutter
- Customizable comfort with padded malleable stays (both volar and dorsal stays that can be precisely bent to achieve optimal patient-specific positioning) and distal buddy strapping (preventing finger rotation, facilitating correct alignment, and promoting effective healing).
- Streamlines inventory with one SKU capable of covering all application needs, significantly reducing inventory costs and complexity.

RAPID ZAP™ ANKLE

ORDER NO.	DESCRIPTION
318	RAPID ZAP™ ANKLE ORTHOSIS 

A quick and convenient solution for ankle support, mastering the rapid lacing design.

- Unique three zone lacing design allows independent forefoot, midfoot, and ankle adjustments
- Proximal lacing zone enables the “throat” opening to accommodate wide or swollen ankles
- Figure 8 straps mimic ankle taping in a preferred neutral position providing resistance to “roll over” ankle injury while not restricting walking and running
- Sturdy construction and seamless design offer comfort, quality, and durability
- Elastic cuff closure secures laces and straps while offering additional compression

DAVID AUERBACH, MD

Cubital Comfort™ Brace, FingerFix™

Dr. Auerbach was born in Brooklyn, New York and raised on Long Island. His undergraduate degree was earned at the State University of New York at Albany. He graduated from Medical School and completed his Internship and Orthopedic Residency at State University of New York Health Science Center at Brooklyn. He spent a year in subspecialty training as a Fellow in Hand and Upper Extremity Surgery at Allegheny General Hospital/Medical College of Pennsylvania, Pittsburgh, Pennsylvania. Dr. Auerbach is Board Certified by the American Board of Orthopaedic Surgery and is a Member of the American Academy of Orthopaedic Surgeons, the Arthroscopy Association of North America, and the American Society for Surgery of the Hand. Dr. Auerbach travels extensively around the world and enjoys sports, music, art and theater.

DAVID GARELICK, MD

TKO®

Dr. Garelick is a distinguished orthopedic surgeon, specializing in sports medicine with a focus on knee and shoulder conditions. Board-certified, he earned his medical degree at Indiana University School of Medicine, followed by an esteemed orthopedic surgical residency at Rush University. Dr. Garelick further honed his expertise through a fellowship in sports medicine at the University of California San Diego/Kaiser Permanente program. Beyond his medical pursuits, Dr. Garelick is at the forefront of innovation, displaying a keen interest in generative AI.

BYRON IZUKA, MD

TINY Cast-Away®

Dr. Izuka is a fellowship trained pediatric orthopedic surgeon practicing in Hawaii since 2001. An avid clinical researcher, he has presented at numerous national and international conferences, including numerous times at the Pediatric Orthopaedic Society of North America annual meeting where he won the prestigious Outstanding Clinical Scientific Paper award in 2011. He has particular interest and expertise in the non-operative treatment of pediatric fractures.

COLLABORATORS

JIM JABLONKA, PT

Webly® Achilles TT™

Jim Jablonka is a licensed physical therapist who has treated more than 86,000 individual patients for orthopedic injuries during his 33-year career. He holds a Bachelor of Science degree in biology from Springfield College and a Bachelor of Science degree in allied health and physical therapy from the University of Connecticut.

THOMAS P. KNAPP, MD

Knapp™ II, Knapp™ Hinged Knee

Dr. Knapp is an experienced, double board-certified orthopaedic surgeon who, in addition to all other aspects of sports medicine, has devoted his career specializing in arthroscopic surgery and reconstructive procedures of the shoulder. Dr. Knapp graduated from the University of Southern California School of Medicine, where he also completed his orthopaedic residency. Dr. Knapp completed a Sports Medicine Fellowship with the Santa Monica Orthopaedic and Sports Medicine Group. Dr. Knapp has also served as Team Physician for numerous local high school and college sports teams and Venue Medical Director for the 1999 and 2003 Women's World Cup and the 2015 NCAA Men's Basketball Regional Finals.

CAREY GOBLE, PA-C

deQ®

Careyn Goble is a highly skilled Physician Assistant based in Santa Monica, California. She graduated with honors from the University of Southern California Keck School of Medicine in 2012. With a wealth of professional experience, Carey has been an integral part of the medical team at Cedars-Sinai Kerlan Jobe Institute/Santa Monica Orthopaedic Group since 2012. In this role, she excels as a first-assist in various orthopedic surgeries, ranging from trauma to sports-related cases. Additionally, Carey manages an outpatient upper extremity clinic, where she provides comprehensive care to her patients.

WENDELL BECTON, MD

Kneesio™ Brace

Dr. Becton graduated with honors from East Tennessee State University Quillen College of Medicine in 1993. He is board-certified in family medicine, Fellowship-trained, with a CAQ (Certificate of Added Qualifications) in Sports Medicine. Dr. Becton is a Colonel in the Illinois Army National Guard and serves as the Chief Flight Surgeon for the state. Previously, he was also a team physician for the St. Louis Cardinals from 2007 to 2013.

COLLABORATORS

MICHAEL BEHRMAN, MD

Santa Barbara Thumb Splint®

Michael J. Behrman, M.D. is a Diplomate of the American Board of Orthopedic Surgery and a Fellow of the American Academy of Orthopedic Surgeons. He also holds a certificate of added Qualification in Hand Surgery and is a member of the American Society for Surgery of the Hand. An honors graduate of Williams College, he received his medical training at Yale University School of Medicine. He completed his orthopedic training at New York Orthopedic Hospital, Columbia Presbyterian Medical Center. Dr. Behrman has done specialty training in hand and microvascular surgery with James Hunter, M.D. and Lawrence Schneider, M.D. at the Hand Rehabilitation Center in Philadelphia, Pennsylvania. Dr. Behrman also works as a team physician for the U.S. Olympic/World Cup Ski Team.

EDWARD COTTON, OTC

TKO®

Edward Cotton, OTC has been a certified orthopedic tech for over 30 years. During his tenure, he worked with some of the best physicians in Chicago at institutions such as the University of Chicago and the Midwest Orthopedic Group. Instructing casting seminars and acting president for the Orthopedic Tech Association of Illinois were other highlights of his career. Ed is currently retired from Cook County Hospital.

AARON DALUISKI, MD

Cast-Away® Elbow

Dr. Daluiski is a clinician-scientist specializing in adult and pediatric hand and upper extremity surgery. He received his medical degree from the University of California, Los Angeles, and completed his clinical training in the Department of Orthopaedic Surgery at UCLA. Dr. Daluiski has also completed a research fellowship concentrating on the molecular aspects of limb development and bone biology. He has completed the Hand and Upper Extremity clinical fellowship at Hospital for Special Surgery.

COLLABORATORS

CLARENCE L. SHIELDS, MD

Shields II® Brace

Clarence Shields, MD, is a distinguished orthopedic surgeon with a remarkable journey in medicine. He obtained his Medical Doctorate from Creighton University before completing his residency in Orthopaedic Surgery at the renowned Los Angeles County + USC Medical Center.

Dr. Shields has made significant contributions to the field, including his role as a Neutral Physician for the National Football League, where he has provided invaluable medical expertise and care.

JAMIE MCMILLAN, OTR, CHT

Squeeze, MTC Fracture Brace®

Jamie earned her B.S. in Occupational Therapy from the University of Mary in Bismarck, ND in 2000. After graduating, she embarked on a fulfilling clinical career, specializing as a Certified Hand Therapist. With 15 years of clinical experience under her belt, Jamie transitioned to explore the industry side of orthopedics. Alongside her professional journey, she remains committed to academia, serving as a guest lecturer for several universities. Additionally, Jamie contributed as a guest author to a chapter titled 'Prefabricated Orthosis' in the 3rd Edition of 'Orthotic Intervention for the Hand and Upper Extremity: Splinting Principles and Process'.

COLLABORATORS

ROY MEALS, MD

deQ®

Roy Meals, originally from Shawnee Mission, Kansas, developed his passion for biology at Rice University, delving into the intricacies of animal life. His journey led him to Vanderbilt University Medical School, where he specialized in understanding human tissues, particularly the musculoskeletal system. After completing his orthopedic surgery residency at Johns Hopkins Hospital and a hand surgery fellowship at Massachusetts General Hospital, Dr. Meals emerged as a leading figure in his field. He has held prestigious positions such as President of the American Society for Surgery of the Hand and Editor-in-Chief of the Journal of Hand Surgery. With a commitment to education, Dr. Meals has authored numerous books and established www.aboutbone.com to share his expertise with a broader audience.

M. RAMIN MODABBER, MD

Modabber™ Wrist, Modabber™ Thumb

Dr. M. Ramin Modabber, MD, earned his Medical Doctorate from Jefferson Medical College before completing his residency in Orthopaedic Surgery at Tufts University. Furthering his specialization, he pursued a Fellowship in Hand & Upper Extremity Surgery at Massachusetts General Hospital. His contributions extend beyond clinical practice; he is an active researcher, author, and sought-after lecturer. Dr. Modabber's dedication to innovation is evident through his development of numerous medical devices aimed at improving patient outcomes. Furthermore, he serves as the Medical Director/Chief Medical Officer for the Amgen Tour of California, a prestigious professional cycling race covering 700 miles over eight days.

JAMES SAUCEDO, MD

GELrod™ Elbow

Dr. James Saucedo, originally from near Houston, earned his MD from Baylor College of Medicine in 2008, where he was affectionately dubbed "Most Likely to Make Your Day" by his classmates. Following this, he completed his Orthopedic Surgery Residency at Northwestern University in Chicago, Illinois. Furthering his expertise, Dr. Saucedo pursued a Hand and Microvascular Surgery Fellowship at the University of Washington and Harborview Medical Center in Seattle, Washington. Passionate about teaching and sharing knowledge, Dr. Saucedo is frequently seen presenting in various educational settings. Outside of medicine, he cherishes spending quality time with his family, indulging in his love for music, and mastering the art of roasting coffee.

COLLABORATORS

MATTHEW SHAPIRO, MD

Matt Strap™ II Universal

Matthew Shapiro, MD, is a distinguished surgeon with a rich educational background. He obtained his undergraduate degree from Cornell University before earning his Medical Doctorate from Columbia University Vagelos College of Physicians and Surgeons. Dr. Shapiro further honed his skills through a Fellowship at the esteemed Ronald Reagan UCLA Medical Center. With a career marked by excellence and dedication, he now holds the esteemed title of Emeritus Doctor.

STEVEN SHIN, MD

deQ®

Dr. Steven Shin is an orthopaedic surgeon who specializes in the treatment of athletes' hand and upper limb injuries. He received his AB, MMSc and MD degrees from Brown University. Dr. Shin completed his orthopaedic surgery residency at NYU-Hospital for Joint Diseases, followed by a hand surgery fellowship at Stanford University. He consults regularly for teams and athletes from all over the US and world.

TERMS & POLICIES

HOW TO PLACE AN ORDER

Orders may be placed through the website, email (order@hely-weber.com), or by calling customer service for Live Help at 800-654-3241, Monday through Friday, 7:30am to 5pm Central Time.

PAYMENT METHODS

Hely & Weber accepts a variety of payment methods which are dependent upon order method and any applicable terms on your customer account.

You may pay for your order via the following methods:

- **ACH/Bank Transfer** – When paying via ACH/Bank Transfer, please remit your payment as follows.
 - Account Name:** Weber Orthopedic, LP DBA Hely & Weber
 - Account Number:** 2400125724
 - Routing Number:** 111017979
 - Swift Code/IBAN:** TXCBUS44
- **Check** – When paying via check, please remit your payment using the following name and address.
 - Weber Orthopedic, LP DBA Hely & Weber
 - PO BOX 832
 - Santa Paula CA 93061
- **Credit Card** – We accept payment from all major credit cards, American Express, Discover, MasterCard, and Visa. Please note that Hely & Weber places a 30% markup on all credit card pre-authorizations. Upon shipment of your order, the markup is removed for final payment settlement. Additionally, a 2% processing fee will be assessed if you choose to pay by credit card.
- **E-Check** – Similar to a payment via ACH, Hely & Weber accepts E-Check payments for orders placed and paid via our web store. When paying via E-Check, you will be required to enter your banking information where prompted.

Payment Remarks: Please ensure that all payment remittances are accurate and made timely to avoid any delays or issues. Include any relevant invoice or reference information with your payment to help us identify your payment. Please call or email (accountsreceivable@hely-weber.com) to contact an Accounts Receivable Specialist if you have any questions or need further assistance.

SALES TAX

Hely & Weber charges sales tax in all jurisdictions where applicable unless a valid sales tax exemption or resale certificate is provided. For new customers, exemption documentation must be received before placing your first order. If we do not receive a sales tax exemption certificate, we will collect sales tax as appropriate. Please ensure your certificate(s) are current and completely populated with the following:

1. Customer or Purchaser Name (Note, this must match the customer name in our billing system)
2. If your certificate(s) have a field for vendor/seller information, please populate our name and address as:

Hely & Weber
PO Box 832
Santa Paula, CA 93061

3. A valid signature from an authorized representative of your organization.

SHIPPING

Orders will be shipped within 2 business days for in-stock merchandise. Orders made on Saturday or Sunday will be processed the following Monday, except on public holidays.

If a product is out of stock, the customer will be contacted with an updated estimated ship date, a proposed alternative item, or an offer of a refund. All orders that total \$100.00 or greater will require a signature upon delivery.

FedEx® and UPS® require a physical address. No P.O. Boxes please.

Business Account Customers will be charged Shipping/Freight/Sales Tax charges at Invoice as is our current policy with your orders.

RETURNS

Hely & Weber's customer service department manages all returns on products purchased directly from Hely & Weber.

- A Return Materials Authorization (RMA) is required prior to any return.
- Please print the RMA number on the exterior of the shipping box.
- Please provide any documents that Hely & Weber provided regarding this return/exchange

IF YOU DID NOT PURCHASE THE PRODUCT DIRECTLY FROM HELY & WEBER, PLEASE CONTACT THE COMPANY FROM WHICH YOU PURCHASED OUR PRODUCTS FOR ANY REFUND.

Hely & Weber will accept non-warranty returns within 90 days from the confirmable date of purchase subject to a 15% restocking fee. Products must be in their original box and be of a quality acceptable to Hely & Weber.

You may not return products that have been custom-logoed, custom-made, specialty-built, or discontinued products for credit or exchange except for failure in workmanship or material.

EXCHANGES

Please contact customer service for information regarding exchanges.
